

The Massachusetts School of
Science, Creativity and Leadership

Political Science/ Model UN after school enrichment teacher

Part time, Wednesday afternoons 3pm - 5:45pm, starting September 6, 2017

At Acera, we seek teachers who operate as facilitators of inquiry, who generate a deep sense of student engagement, purpose, and ownership in their work.

The Model UN/ Political Science after school club is open to middle school students who attend Acera or any other middle school program. The teacher who is hired will lead students to understand historical relationships between nations, to discuss current events, and to enroll in and prepare for local weekend Model UN Conferences. Participation in this club enables students to broaden their awareness and perspectives, and develop new ways of thinking about the complex issues facing our world.

Please send resume and cover letter to [hiring@aceraschool.org](mailto: hiring@aceraschool.org)
