

The Retelling of Medusa

...

Ella

My IMP project

My IMP project was to write a short story from the perspective of the Greek mythological figure Medusa.

Why I chose this project

I chose to write this short story because I like Greek Mythology and I felt that most Greek myths were told from the 'hero's' perspective so I decided to write one from the 'villain's' perspective.

The Challenges

One of the challenges of writing this short story was that some details between the different stories I found were different. I solved this problem by just choosing the ones that I could write more with

Things that were fun

During my IMP process I really like writing the short story and drawing the Pegasus.

How my mentor helped

My mentor, Ms. Ruma, helped me by giving me feedback on my writing and giving me the idea of illustrating my story.
